Inquiry into Energy Policy and Planning in Wales

EPP 17 - The Energy Saving Trust Wales

The Energy Saving Trust Wales have submitted 2 documents – ‘Power in numbers; The benefits and potential of distributed energy at the small community scale’ and ‘Low carbon citizens; A step-by-step guide to meeting the 3% target for personal emissions in Wales’ as part of the consultation into energy policy and planning in Wales.

Links to both documents are attached below.

[Power in numbers – The benefits and potential of distributed energy at the small community scale](#) (pdf, 531 KB)

[Low carbon citizens – A step-by-step guide to meeting the 3% target for personal emissions in Wales](#) (pdf, 1 MB)
