

Environment and Sustainability Committee

Inquiry into Energy Policy and Planning in Wales

EPP 102 – David Morgan

20-9-11

Ms Hawkins

Committee Clerk

Environment and Sustainability Committee

National Assembly for Wales

Cardiff Bay CF99 1NA

Dear Ms Hawkins

I support petition calling for a review of TAN8

I am writing to support the petitions that call for a review of TAN8 and an examination of traffic movements in Mid Wales

My reasons for this are that the heritage, natural habitat and countryside would be irreversibly destroyed not only in our time but for all the generations of the future. Please stop and consider the impact of what is being proposed.

Yours sincerely

D C Morgan

O M Morgan (Mrs)
